Standard Guarantee

OF

AMERICAN SHORTHORN BREEDERS

ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bangs disease of the state.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk or loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

To My Shorthorn Friends

It is with deep regret that I find it necessary to disperse the Knobhill Farm Shorthorn herd which I spent a lifetime in building. However, since I have sold Knobhill Farm and am retiring from farming it is necessary that I do so. Shorthorns have been on Knobhill Farm for over half a century. During the lifetime of this herd only the very best of herd sires have been used, and only top females have been added. Purchases have been made of breeding stock in Scotland, and top sales in the U. S. Rigid culling has always been practiced. The herd is productive and healthy, and for the last 5 years a program of calfhood vaccination has been practiced.

I would like to see many of the top producing members of this herd go into good hands.

I shall miss my Shorthorn herd and Shorthorn associates. My Shorthorn friends may rest assured that I shall not lose interest in Shorthorn cattle. I sincerely hope that all may be with us on sale day at Knobhill Farm, and trust that it may be most pleasant and profitable to you.

H. N. Harrison.

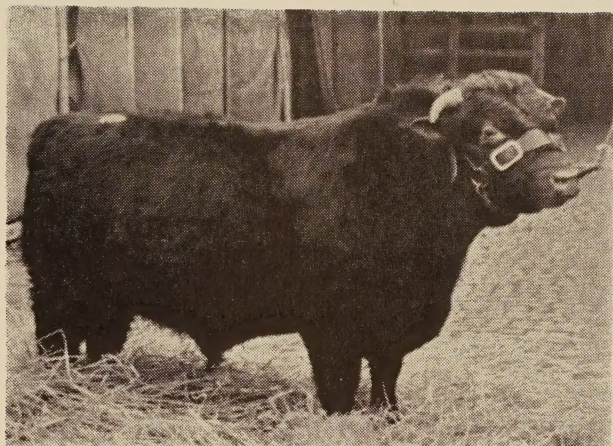

Dispersion of the Knobhill Farm Shorthorn herd offers one of those rare opportunities where it is possible to buy the results of a lifetime of constructive breeding. Only here is it possible to obtain the great producing cows and prolific families that have earned their place in the herd due to their tested production over a long period of time. It is a rare opportunity to obtain members of a richly bred and productive working herd from which uniform new herds in sizable numbers may be established. Both the herd bulls and cows have demonstrated their ability. The herd is sound, healthy and young.

H. N. Harrison has always been very fair and generous in the cause of promoting Shorthorns. To further demonstrate his confidence in the herd, every animal will be sold fully guaranteed. In addition, every calf at foot has already been registered, and regardless of whether the cow and calf sell as one lot or two, a transferred pedigree will be furnished on every animal, including the calves.

You are urged to attend this large dispersion of this long established herd and help yourself.

May we see you at KNOBHILL FARM on APRIL 30th.

Albert J. Hamann, Sale Manager.
